### **Through The Week**

Welcome back! After a wonderful summer break the children returned to school on Thursday this week and brought the last of the good weather with them. They have begun to settle in to their new classes and routines are beginning to be established. As you know last year as a very productive year for the school which included our judgement of "Outstanding" from the diocese and culminated with being awarded GOLD CLUB status by the Mayor's office. This year we are determined to further build on this success and ensure our children have the best education possible. In order to achieve this we are relying on your continued support and we are sure you will welcome the new staff who have joined us.

If you haven't already met your child's new class teacher there will an opportunity to do this on Monday 15<sup>th</sup> September from 3:30pm through to 4:00pm. This is a brief to explain how we hope to work together in the coming year ahead. Further information regarding these meetings will be distributed next week.

Please help your child to be prepared for school as much as you can during this important time of the year. We look forward to continuing our relationship with you for what will be another successful year!

### **Dropping Children to Classes in the Morning in Key Stage I**

Once the children join their class lines after the bell has rung they process down the stairs at the end of the Campion playground and through the little gate in to their classroom. This area is an outside classroom that is used by the children in both Reception classes. Please ensure that you say good bye to your child once they have joined their lines and refrain from walking through the area outside of Year 1.

Thank you for your continued support.

### **Collecting children after school**

Please remember to collect your child wither from the playground or from the office after school and avoid walking through the car park. This is an important safety measure since cars and trucks access the car park throughout the day and after school and present a potential hazard.

Thank you for your support with this matter.

### **The BIG Question**

Please see what answers your child can produce around this question. Answers will be discussed at next weeks’ assembly. The best ones that the children agree on will be displayed. Get thinking children and good luck.
